

Sylvester Manor

Program & Event Locations - 3/2/2026

Requested for Site Plan Review by the Planning Board

This Suffolk County GIS map outlines areas where we invite people to gather for programs and events. This information is for illustration purposes at the request of the Planning Board Chair. Other activities, including but not limited to agricultural and educational programs, outdoor art exhibits, guided tours, public trails and open space recreation, occur throughout the 236-acre property.

There is no fixed infrastructure for outdoor assemblies. Some of the areas shown here may be used as the site of a gathering, or for support activities, such as parking (detailed in a previous submission). Depending on Town requirements, we obtain Outdoor Assembly and tent permits as needed.
